

UFO High Bay

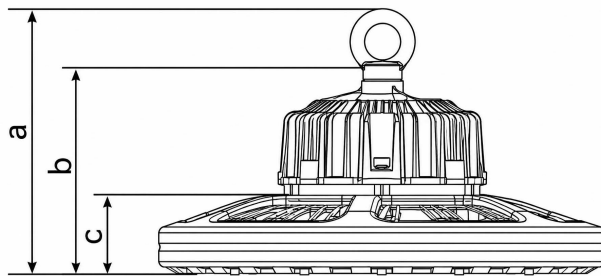

The UFO High Bay fixture is designed with advanced anti-glare technology to minimize glare while optimizing lighting performance and distribution. Its adaptable design supports various light distribution angles, ensuring suitability for diverse commercial and industrial environments.

Key Advantages of the UFO High Bay Fixture

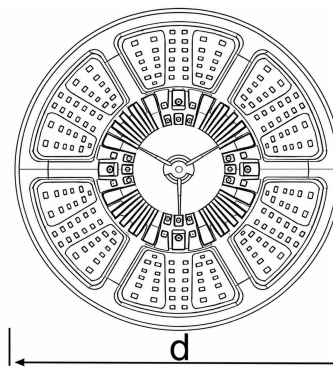

- Advanced Anti-Glare Technology
- Versatile Light Distribution
- Industrial-Grade Durability
- Energy-Efficient Performance

Dimensions

100W/150W/200W/240W

| Power | a | b | c | d |
|-----------|-------|-------|------|-------|
| 100W | 171mm | 126mm | 52mm | 278mm |
| 150W | 178mm | 133mm | 60mm | 328mm |
| 200W/240W | 196mm | 151mm | 75mm | 388mm |

All dimensions in millimeters

Accessories

Enhance the functionality of your UFO High Bay fixture with optional accessories designed for convenience and performance. These accessories are tailored to complement the UFO High Bay's innovative design, allowing for versatile applications in commercial and industrial environments.

Battery Backup

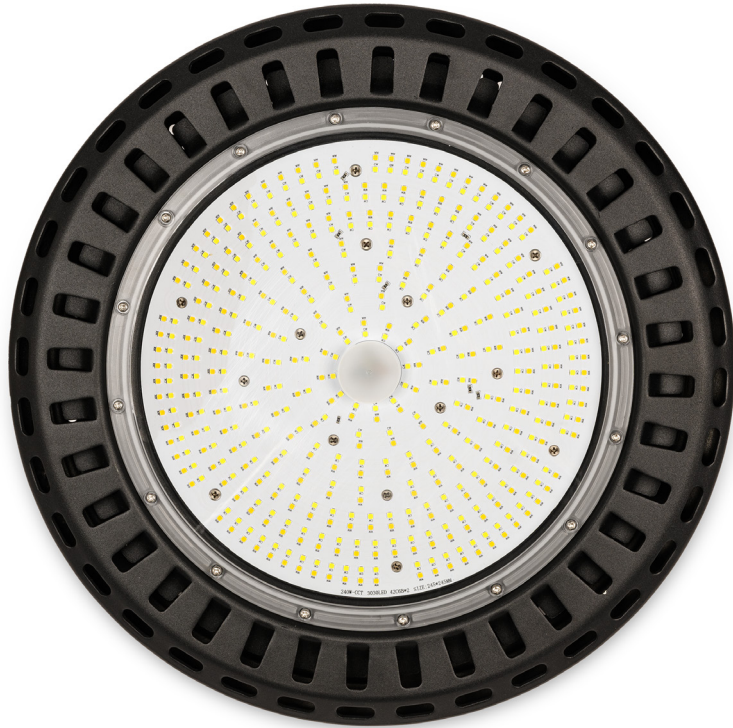

Ensures uninterrupted lighting during power outages, providing added safety and reliability.

Motion Sensor Unit

Optimizes energy efficiency by activating the fixture only when motion is detected.

| Part Number | Input Power | Input Voltage | Efficiency | CCT Selectable | Light Distributioun | CRI | Certificates | Warranty |
